“FERNLEY & FERNELY ANNOUNCES THE ADDITION OF TWO NEW CLIENTS”

PHILADELPHIA – (August 2010) Fernley & Fernley, a Philadelphia based association management company (AMC) is pleased to announce the addition of two new full-service clients. The National Association of Clinical Nurse Specialists ([NACNS](#)) and the International Kitchen Exhaust Cleaning Association ([IKECA](#)).

The NACNS is a not-for-profit nursing association formed in 1995 to be the national organization specifically dedicated to [CNS](#) issues and to promote the unique practice of CNS. Its mission is to enhance and promote the unique, high value contribution of the clinical nurse specialist to the health and well-being of individuals, families, groups, and communities, and to promote and advance the practice of nursing.

Founded in 1989, IKECA members promote proper and complete exhaust cleaning practices resulting in a significant contribution to the decrease in commercial kitchen fires. IKECA members provide kitchen exhaust cleaning services to a wide variety of customers including restaurants, universities, prisons, cruise ships, submarines, casinos, and even the White House. IKECA is committed to serve and represent the interests of the commercial kitchen exhaust cleaning industry by promoting the highest cleaning and ethical standards. IKECA offers continuing education as well as several certification programs to educate and train members and their service technicians.

Fernley & Fernley is a fifth generation firm that has been providing strategic leadership and operational management services to professional societies and trade associations for over 120 years. Currently serving as headquarters for 20 international, national, and regional member based organizations in a wide variety of industries and professions. To learn more about the services offered by Fernley & Fernley, Inc. visit the web site at www.fernley.com.
